Hi Jim – Of course. The FS should be finalized by this week and I will send over to you. I'll be sure to keep you in the loop as we progress.

Thanks,

Tu,

This was forwarded to staff in the Modesto Utilities Engineering Division. I would be interested in more about this study. If there is a link that might be helpful, I would appreciate it. When the Feasibility Study is ready and if released, please include me in the distribution list.

Regards,

Jim Alves

Subject: Modesto Superfund Site

Hi Melissa – We are about to finalize our Feasibility Study and will work on the Proposed Plan for the final remedy of the Modesto Groundwater Superfund Site. I just wanted to give you a heads up and see if there's anyone else at the City of Modesto I should contact to give more information. Once the Proposed Plan is finalized, we will send out to the community and hold a public meeting during the public comment period. I am hoping to finalize the Proposed Plan by early next year.

Thanks,

USEPA | *Superfund*
